

**Dear Friends and Clients of Higher Ground,**

**We wanted you to know that we have been taking steps to safeguard our clients and staff from the COVID-19 virus. These are considered emergency measures and will only last until the risk has passed. Here is what you need to know:**

- Until further notice, Higher Ground will not be open for face-to-face evaluations/intakes or treatment sessions.**
- Our clinical staff will be contacting current clients this week by phone for support and to explain what to expect for continued services.**
- On 3/30/2020, clinical staff will begin to utilize Cisco WebEx Meetings to conduct audio and/or video group sessions for our clients.**
- New people seeking an evaluation or intake should call Higher Ground at (316)262-2060, and will be given a scheduled, telephonic appointment.**

**We look forward to having you all back, when restrictions have lifted**

**Best wishes from Higher Ground#**
